

~ Charter Texts ~

Simply put, Charter Texts are developed by Their Majesties, Themselves, specifically for Their Reign. The official Texts are given to the Royal Scribe who is then responsible for publishing the information to the An Tir College of Scribes in Their Majesties "Charter Criteria Document".

If you have a need to change one of the texts for a Charter you are creating, you must seek permission for the change from Their Majesties, working through Their Royal Scribe.

If you wish to author a text yourself, to complement your Charter design, do not be shy. Present your text to the Royal Scribe, asking that it be forwarded to Their Majesties for Their permission to proceed with its use.
